SPONSORSHIP REQUEST

The Darwin Sailing Club Inc. in conjunction with the NT Minnow Association Inc. supports young Territorians learning the well-established sporting and recreational pursuit of sailing. The Minnow is a small dinghy with a distinctive blue sail and is ideal as a child's first sailing boat. Boys and girls from as young as seven up to 15 years old learn to sail and compete in Minnows in Darwin and around Australia. Over the years some Darwin Minnow sailors have progressed on to international competitive sailing careers.

The NT Minnow Association Inc. is proud to be hosting the 37th Australian Minnow Championships in July 2016. This championship is a unique opportunity for many NT children to compete at a national level on their home waters in Fannie Bay.

Young Minnow sailors and their families from interstate will be travelling to Darwin to join in this competition. The event requires significant financial resources for activities both on and off the water. In order to ensure as many children as possible are able to participate and benefit from a memorable experience, we are asking you to support the junior sailing community by sponsoring the event.
